PROFESSIONAL EXPERIENCE

UNICEF

NEW YORK, USA

2018 – DEC 2020

Health Expert: IRDS Unit (digital health, data and implementation research)

- Co-chaired the WHO advisory group on data collection, for [analyzing and using routine data to monitor the effects of COVID-19 on essential health services](#), focusing on health information systems and digital solutions
- Led a collaborative process to design [standard international metrics for community health](#) within the [Health Data Collaborative \(HDC\)](#) - a partnership of international agencies
- Built consensus and led communication strategy for the [final product](#) by partnering with key stakeholders (14 UNICEF teams, 17 WHO teams, endorsed by 9 international organizations)
- Co-led the design of the product digital package and dashboards in [DHIS2](#), the world's largest health management information system platform, in collaboration with the University of Oslo

WORLD HEALTH ORGANIZATION (WHO)

GENEVA, SWITZERLAND

2015 – 2018

Health Expert: Assistant Director-General Office (C-level) for Family, Women, Children & Adolescents

- Project management:
 - Provided technical support for the UN [EWEC Global Strategy progress reporting](#), including for the progress report (content review, data visualization, dashboards, communication strategy and supports, including in English, French and Spanish).
 - Led the update of the [Every Woman Every Child \(EWEC\) Global Strategy](#) data portal, which informed the annual reporting for the World Health Assembly on Women's, Children's and Adolescents' Health. Over 50 countries and 120 organizations pledged over \$25 billion to this UN program. Successfully collaborated and coordinated multi-partner projects across 20 WHO departments, 10 UN organizations, and over 15 global monitoring partnerships, including academia and private sector.
- Co-led the [WHO report on Youth Engagement](#) that informed the strategic direction of the high-level WHO Youth Strategy and Vision for engaging young people and young professionals.
- Global Policy Monitoring for the EWEC Global Strategy: worked with multiple WHO teams to provide a technical mapping of policy indicators for the EWEC Global Strategy.
- Project management for [Young Voices Count](#): media production with media consulting firm

Health Expert for the Maternal Newborn Child and Adolescent Health Department

- Co-authored the [IMCI Global Survey Report](#), an analytical report on the implementation of the Integrated Management of Childhood Illness (IMCI), one of the most widely implemented child health strategy around the globe (based on a 95 countries global survey), and led the dissemination strategy.
- Led the development of the Digital Knowledge Library for the [WHO Quality of Care Network](#).
- Assisted the organization of the international conference on quality of care in Dakar (15 countries represented, 100+ participants) for the G8 [Muskoka Initiative](#).
